

Kyrgyz Geographical Society (KGS)

The "**Kyrgyz Geographical Society**" is a public association which is the successor of the Geographical Society of the Kyrgyz SSR, established in 1947.

The re-registration of this society has been done at November 24, 2014.

The activities of the society are guided by the charter and coordinated by the Academic Council, which includes the President, two Vice-Presidents and Council members, representing the geographical teams of their scientific institutions and universities and other educational institutions of cities and regions of Kyrgyzstan. In addition, there are members of the Geographical Society, whose interests are related to geography, though they have other specializations: linguists, historians, filmmakers, biologists, medical workers, etc.

The Society conducts consulting work for organization and implementation of research and educational activities, as well as student Olympiads.

President: Professor **Alavanov Salamat Kulembekovich**.

Address: 30, Erkindik bulv, 720040, Pervomay district, Bishkek, Kyrgyzstan
